## DETAILED ACTION

### *Response to Arguments*

1. Applicant's arguments, filed 4/25/2008, with respect to claims 1-19 and 22-24 have been fully considered and are persuasive. The rejection has been withdrawn.

### *Allowable Subject Matter*

2. Claims 1-19 and 22-24 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The reasons for allowance can be found in the Applicant's remarks filed 4/25/2008 in addition to the following comments:

Regarding independent claim 16, the prior art of record fails to teach or fairly suggest the combination of all limitations of claim 16 that includes **“the display configured to display a second view of the scene where the object is no longer visible, wherein the second view of the scene is subsequent to the first view of the scene” and “the processor configured to perform a correlation computation directly between coordinates of the object in the first view of the scene and coordinates of the object in the third view of the scene to make a determination of a change in direction and/or distance relationships of the object in the third view of the scene relative to the first view of the scene; and the processor configured to use the distance and/or direction relationships to track the object in the first,**

Art Unit: 2622

**second and third views that are screens-widths away from each other as the first view is panned to the second and third views.”**

Regarding independent claims 1, 10, 19 and 22, these claims are also allowed for the similar reason stated in claim 16 above.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
